Tuesday, October 20, 2020

1:00pm – 2:00pm

Register at <https://bit.ly/3d6nQ8o>

### SEE YOURSELF AT SEMPRA ENERGY

Are you looking for a direct and educational path to a career in IT? At Sempra Energy®, San Diego Gas & Electric®, and SoCalGas® we provide the resources and opportunity to transform bright students into confident, well-rounded, valuable employees with a strong network of IT and professional connections.

We're looking for passionate and qualified individuals to be part of our Information Technology Associate Rotation program and Internship program. In both programs, you will have the opportunity to work on challenging projects and grow your professional skillset by applying what you learned in school and utilizing on the job training.

### INTERNSHIP PROGRAM

Our interns enjoy a flexible schedule during their 10 to 12-week paid internship IT assignment. Interns work closely with associates and industry experts to grow their skills and IT knowledge. Interns may also qualify to join the Associate Rotation Program after graduation.

### ASSOCIATE ROTATION PROGRAM

Our associates are full-time employees with benefits AND rotate through three 9-month Rotation assignments in various departments. Associates gain on-the-job training and a chance to apply their skills in real world settings. They also receive career development, support, and guidance.
